

JOHN DOE

DATA ANALYST

Delhi, India

+91-0000000000 | jondoexxxx@gmail.com | linkedin.com/in/johndoe/ | GitHub | Portfolio

PROFESSIONAL SUMMARY

Data Analyst with 4 years of experience in extracting actionable insights from complex datasets to drive business decisions. Skilled in SQL, Python, Excel, and Tableau, with expertise in data visualization, statistical analysis, and predictive modeling. Proven track record of improving operational efficiency and delivering data-driven solutions aligned with organizational goals.

SKILLS

Technical Skills: Python (NumPy, Pandas, Matplotlib, Seaborn, Beautiful Soup, NLTK, SpaCy, TextBlob), Tableau, Power BI, Advanced Excel, SQL.

Analytical Skills: Data Gathering, Data Cleaning and Preprocessing, Analytics, Data Analysis and Reporting, Exploratory Data Analysis (EDA), ETL (Extract, Transform, Load), Data Visualization, Data Modelling, Descriptive & Inferential Statistical analysis, Web Scraping, Machine Learning & AI, Visualization, DAX (Data Analysis Expressions), Real Time Data Analysis and Database Management.

Soft Skills: Problem Solving, Team Work, Leadership, Adaptability, Communication

PROFESSIONAL EXPERIENCE

ABC Technologies, Bangalore

August 2023 - Present

Sr. Data Analyst

- Performed data cleaning, preprocessing, and analysis using **Python** and **SQL** to uncover actionable insights.
- Built interactive dashboards in **Power BI** to track KPIs, reducing reporting time by **30%**.
- Collaborated with stakeholders to deliver data-driven solutions, leading to an **X% increase** in operational efficiency.

XYZ Solutions, Mumbai

July 2021 – July 2023

Data Analyst

- Built and maintained dashboards in Excel and Power BI to monitor project performance and KPIs.
- Automated repetitive data tasks using Python, improving team productivity by 25%.
- Worked closely with teams to analyze financial data, providing actionable insights to reduce costs.

PQR Analytics, Pune

Feb 2019 – June 2021

Business Data Analyst

- Analyzed large datasets to identify patterns and trends, supporting strategic decision-making for clients.
- Created insightful visualizations using Tableau, improving data interpretation for business leaders.
- Conducted A/B testing for marketing campaigns, leading to a 20% increase in customer engagement.

XYZ Company, Mumbai

Oct 2018 – Jan 2019

Data Analytics Intern

- Assisted in analyzing large datasets using **Python** and **SQL** to identify trends and insights for business decisions.
- Conducted **Exploratory Data Analysis (EDA)** to uncover patterns and improve data visualization.
- Built interactive dashboards in **Power BI** to track KPIs, improving reporting efficiency by **20%**.
- Supported the development of a **sales forecasting model** using **Linear Regression**, achieving **85% accuracy**.

PROJECTS

E-Commerce Product Recommendation System

[GitHub](#)

Tools Used: Python, Machine Learning, Scikit-learn, Collaborative Filtering

- Built a recommendation system using **collaborative filtering** techniques to enhance customer experience.
- Integrated product similarity and purchase behavior data to improve recommendations.
- Achieved a **20% increase** in product click-through rates and customer engagement.

Financial Fraud Detection

[GitHub](#)

Tools Used: Python, Machine Learning, Scikit-learn, Pandas

- Processed transactional data and applied feature engineering to detect fraudulent transactions.
- Developed a fraud detection model using **Random Forest** and **XGBoost** achieving an **accuracy of 92%**.
- Deployed the model to provide real-time fraud alerts.

Customer Churn Prediction

[GitHub](#)

Tools Used: Python, Machine Learning, Pandas, Scikit-learn, Tableau

- Analyzed customer behavior data to identify factors contributing to churn.
- Built and trained a predictive model (Logistic Regression, Random Forest) to classify churn likelihood.
- Developed a dashboard in **Tableau** to visualize churn metrics and key drivers.

EDUCATION

Indian Institute of Technology, Bengaluru	Jun 2015-May 2018
BCA	74%

CERTIFICATIONS AND AWARDS

• Data Analytics Mentorship Program (WsCube Tech)	2024
• Advanced SQL for Data Analysis (XYZ)	2022
• Google Data Analytics Professional Certificate (ABC)	2018
